

Appendix H: Medical Eligibility Verification (MEV) Services

MEV services provide access to on-line client eligibility data and can be purchased through approved Medical Assistance vendors.

MEV services provide necessary client eligibility information for billing purposes. When a provider enters their NPI number; access code; date of service; and the client's name, birth date, and/or ProviderOne client ID number, the provider will receive eligibility status, availability of other insurance, managed care plan enrollment status, Medicare enrollment, and other scope-of-care and program restriction information.

The current MEV vendor is:
